To whom it may concern:

We are pleased to provide this letter of recommendation for RTD Enterprises of Madison, Maine. RTD Enterprises has provided HDPE liner installation services on numerous H.E. Sargent landfill projects over the past ten years. To this date, RTD has been extremely cooperative, provided quality work and have met all our schedule requirements. Their work has always been completed with pride and integrity.

We recommend RTD as a capable and competent HDPE liner installation contractor and look forward to working with them in the near future.

Sincerely,
H.E. Sargent, Inc.

John M. Sturgeon
Senior Project Manager
